

TYPE
1

Campus type: Equipment capable of concentrating on researching.

Spring 2018 will see the birth of WID Waseda (provisional name), a new international student accommodation facility with rooms for 500 students, located five minutes on foot from Waseda University Campus. This facility will provide an international community environment where students can study and research in a time-efficient manner, located within walking distance of the university itself. Our hope is that this dormitory will be a starting point for Waseda students who will go on to succeed on the global stage.

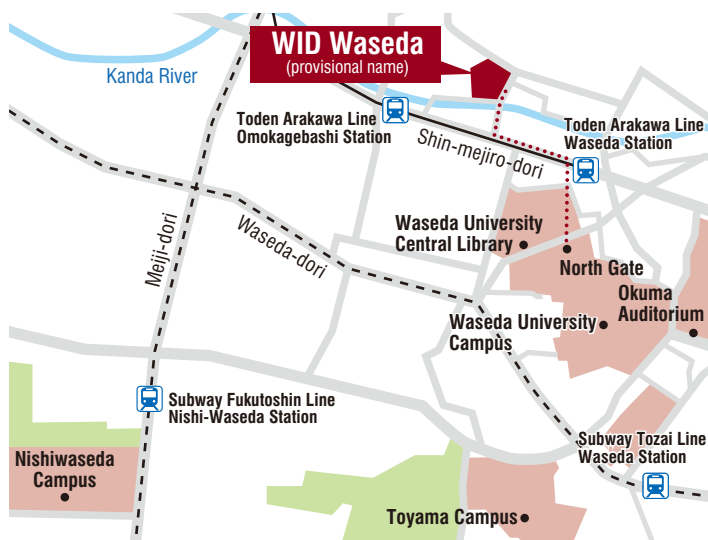

5 minutes
on foot from
Waseda University
Campus

Image of outside of building (as of July 2016)
